Petition Action Pack

A World

at School

Dear World Leader, President, Prime Minister,

We, the world's youth, teachers, parents and global citizens appeal to our governments to keep their promise, made at the United Nations in 2000, to ensure all out-of-school children gain their right to education before the end of 2015.

We are standing up to bring an end to the barriers preventing girls and boys from going to school, including forced work and early marriage, conflict and attacks on schools, exploitation and discrimination. All children deserve the opportunity to learn and achieve their potential.

We are #UpForSchool.

Welcome, and thank you!

World leaders promised to get every child into school by 2015 – and this deadline is fast approaching. We have only 400 days to keep the pressure on.

We're proud to work closely with courageous and passionate champions of child rights and education for all.

Thank you for rising #UpForSchool

There is an education crisis: We must act now

Our moment for changing the lives of children around the world is right now.

World leaders promised to get every child into school by 2015 but progress has stalled. Millions of children are forced out of school because of child labour, child marriage and discrimination and attacks on schools and schoolchildren is on the increase.

We now have a window of opportunity to put the pressure on political leaders to keep their promise. World leaders are meeting at the UN General Assembly in 2015. This is our moment to make sure 58 million marginalised children gain their right to an education.

Together we must make 2015 the year all children secured the right to go to school and learn.

FACT

The biggest petition in history – we can do it!

People power influences our decision makers. Fact.

Big numbers of people mobilising over an issue cannot be ignored.

The world record for the biggest ever petition is held by the the Jubilee 2000 campaign. An historic global campaign that led to the cancellation of unjust debt owed by 35 of the poorest countries, resulting in thousands of children going to school for the first time ever.

Thanks to the commitment of our partners we are half-way to our target
