

Prayer for wellbeing of Children

Ya Allah

You have created us and give knowledge about the rights of human so we are expressing our gratitude to you. Respectfully express our love and affection to Prophet Haz. Mohammad (SHS) who teaches us the great ideal lesson by the wish of Allah.

Ya Allah,

A child can't talk just after his/her birth, s/he can't walk with him/herself, do not know even what is good and bad thing; in such circumstances some familial, ethical and social responsibility must comes to the adult to children. We pray to you for giving us the aptitude fulfilling these responsibilities to our children.

Ya Allah

We all were child. Today's child is future citizen. If child rights have been established, human rights will establish automatically. Well nurturing of children can make a better family member and good citizen of state. Allah please give us the ability to create our children as good citizen.

Ya Allah

In Hadith of Prophet Mohammad – Persons are not in my followers' who don't respect to elder person and don't love younger person, who don't ask for virtue work and forbid other person not to engage unethical work. Ya Allah, please give us the ability to work for establishing our children's right as well as include in our beloved Prophets follower.

Ya Allah

Pleas protect our children from all types of danger. Give us the opportunity to teach our children all types of good lesson. Give us the capacity to protect our girls from child marriage. Ya Allah, give us the ability to feed our children *Halal* and nutritious food as they can grow healthy. Please give the breast feeding opportunity to the mother who have younger child.

Ya Allah

Please give us the opportunity to suit equal to our children concerning sex and color. Please save our children from all types of hazardous work and give us the ability for not to engage them in hazardous work.

Save our children from trafficking.

Ya Allah

We know oppression and abuse is a big sin. You told in the holy Quran that – You don't like the abuser or oppressor.

It is hard but big truth that – anybody who abuse children cannot be a follower of Islam anymore. H/She will not get the blessing from our beloved Prophet. This means h/she has risk of dead as non-believer or Non-Muslim. Allah, please save us for not to engage in such types of sin.

Ya Allah,

Please save our children from all types of physical, psychological and sexual abuse. Please give us such conscious for not to comprise any kind of abuse to our children.

You told in Holy Quran that – “And come not near to the unlawful sexual intercourse. Verily, it is a *Fâhishah* [i.e. anything that transgresses its limits (a great sin)], and an evil way”. Mean you prohibit engaging in child abuse.

Allah, saves all the children including healthy, disable and other children who are in risk from all types of sexual abuse coming to them.

Allah, bless all the world children including our country and save them from all types of violence.

Ya Allah

We are praying to you, please keep our mind for not to include any types of abusive act to children. We also pray to include as a full followers of your Prophet being responsible to protect our children from violence and continue our work to ensure children right.

Ameen!
